Project Design Phase-II Solution Requirements (Functional & Nonfunctional)

| Date | 31 October 2022 | |
|---------------|--|--|
| Team ID | PNT2022TMID07970 | |
| Project Name | Estimate the crop yield using Data Analytics | |
| Maximum Marks | 4 Marks | |

Functional Requirements:

| FR No. | Functional Requirement (Epic) | Sub Requirement (Story / Sub-Task) | | |
|--------|---|---|--|--|
| FR-1 | User Registration | User can register through Forms or Gmail account or | | |
| | | LinkedIN account. | | |
| FR-2 | User Confirmation | Confirmation via Email or OTP | | |
| FR-3 | User Profile | User specific information, Farm details, Yield history. | | |
| FR-4 | Knowledge about factors thatinfluence the yield | Behaviour of crops and the yield obtained is highly dependent on factors like rainfall, temperature, soil type, etc., Hence it is significant to know the impact of these factors on the yield with its past history. | | |
| FR-5 | Estimation module | A prediction of crop yield is to be done based on the user's input data (season ,crop ,production ,area). | | |
| FR-6 | Analysis | An analysis is done on the given data to gain useful insights on the crop yield. | | |

Non-functional Requirements:

| FR No. | Non-Functional Requirement | Description | |
|-------------------|----------------------------|--|--|
| NFR-1 | Usability | Provide perfect data report after deep analysis of the past data. Helping farmers to | |
| | | overcome loss in | |
| | | farming and business. | |
| NFR-2 | Security | The user information is protected by the user | |
| 1411112 | Coounty | login | |
| | | and registration with a secured password. | |
| NFR-3 Reliability | | Effective tool that all farmers can use, making it | |
| | , | reliable by improving the accuracy of the | |
| | | estimation or prediction. This will bridge the gap | |
| | | between | |
| | | farmers and technology. | |
| NFR-4 | Performance | Multiple technologies and services that will | |
| | | improve | |
| | | the usability in agricultural activities. | |
| NFR-5 | Availability | Both website and mobile application interface | |
| | | anddeveloped in local language and the | |
| | | content is | |
| | | available in localized language. | |
| NFR-6 | Scalability | With the data visual reports, farmers will be | |
| | | able tocultivate crop according to the area, | |
| | | climate, soil and other features that impact the crop yield and | |
| | | hence enhancing the productivity. | |
